DISCOP Turns Focus on Producers

LOS ANGELES: The DISCOP Organization is launching a new initiative to help content creators explore co-production and **fundraising** opportunities as well as to showcase their projects and develop their skills.

Producers attending DISCOP Africa and DISCOP **Istanbul** are invited to take...

...Bell added, "Zuku believes in partnership, and we have experience of how co-production partnerships can create high-quality, high-value programming. DISCOPRO creates a unique environment for producers and broadcasters to find collaborators, across national and international borders, and even across industries. We are proud to support it and and wish the participants success."
